Why Certainly, we'll refund your money

If you aren't satisfied with anything you buy at our store just tell us about it and we will make good. You needn't bring it back. Just tell us about it.

It doesn't happen often—it may never happen to you—but once in a while something goes wrong no matter how careful we try to be.

In that case it's a comfort for you to know that you can never lose.

We look out for you first because, after all, that's the best way for us to look out for ourselves. We want you to feel that we are really giving you something more for your money than just groceries. One of the things we do for you is to recommend certain things which we have found to be good.

For instance, Ryzon Baking Powder.

We recommend it because we know it will please you, because we know you'll thank us for calling it to your attention.

Ryzon is everything a baking powder should be: pure, economical and efficient. It sells at 40 cents per full pound tin.

We also have the famous Ryzon Baking Book at 30 cents. You'll like this book because of its many new recipes and because you'll find that everything you make from it comes out right every time.
